ABOUT US

VENDMA TECH is a premier technology services company that offers managed vending machine & information technology services. We deliver dependable, innovative, and cost-effective solutions that enable customer to utilize technology to improve productivity, streamline business processes and differentiate themselves through superior customer services.

As a vending machine provider, we bringing advance, innovative, fresh and exciting ideas to the vending business. A vending experience that goes beyond the traditional – with what we think of as our 1 square meter retail spaces or limited spaces – gives consumers 24-hour access to food, snacks, beverages and household product. This is a perfect match for today's on-the-go lifestyles.

SERVICE AND MAINTENANCE

Most of the Malaysia (Sabah) citizens have bad experience for vending machine as some of it is out of service for long period. VendMa will create a good reputation of vending machine in Malaysia (Sabah) as our technician will conduct regular machine check-up and maintenance. One of our management team has 5 years working experience as expert technician of vending machine in Fuji-Electric Company owned by Japan. Besides that, we also clean the machines layout each week so customer's will not feel uncomfortable when operate the machine.

Table 4.1 Service & Maintenance Schedule
